**Meeting Notes:**

- 3rd-5th implementation of the platooning model proposed for the 26-27 school year.
  - Rationale for this model:
    - Heightened content rigor and depth
    - Improved bridge in reading comprehension and written applications from lower primary to upper grades
    - Increased school-wide consistency in teaching best practices, organizational structures, behavioral expectations, classroom management, etc.
- STEAM program, after-school clubs, and other enrichment opportunities will be a priority for the 26-27 school year.
  - Allocated funding and intentionality on students' passions and talents to further prepare them for future goals and societal contributions.
    - Theater, art, English (parents and students), band, cooking, etc.

**\*All of the meeting attendees provided consensus to the items and action steps described above on Thursday, May 14th, 2026.**
